## “IS YOUR RETIREMENT PORTFOLIO WORKING AS HARD AS YOU?”

Investors can diversify their portfolio with the various investment options available through Stoneset Equities including our **NEW RRSP-Eligible Stoneset One Mortgage Corporation “Series A” & “Series B” Bond Offerings:**

**Series A**, which has a rate of 10% cumulative (compounding semi-annually) will **not** have quarterly payments, but will be paid out, principal and interest together, at the maturity date.

**Series B**, which has a rate of 10% simple interest per annum, will have quarterly payments of interest only on December 31, March 31, June 30, and September 30 each year, until the maturity date.

(The maturity date of both Series A and Series B is March 31, 2011, but the corporation reserves the right to re-pay the bonds early, and investors will still receive the full 10% return.)

### Have you considered diversifying your investment portfolio with real estate?

With today's economic climate, we all must approach our investments differently. Smart investors know that **diversification is the key** by having a mix of long and short-term investments. Smart financial advisors know that historically, real estate has been a more stable long-term investment and they are starting to recommend real estate as part of their clients' portfolios.

Now you have the opportunity to invest in one of the most exciting recreational real estate properties in Western Canada: Vista Del Lago Resort.

Nestled in the mountains of Invermere, BC, this lakeside resort will feature a 144-room hotel and conference centre, approximately 570 condominiums and 45,000 sq. ft. of commercial space. Through sustainable design, this project will have minimal impact on the environment but will generate a huge economic impact for the Columbia Valley.

Here are three ways you can participate in this exciting project:

- **Now you can invest with as little as \$2500 with a Tax-Free Savings Account!** Transfer your existing TFSA or open a new account to purchase RRSP-eligible Stoneset Common Shares. The \$0.50 Stoneset Common Shares are also available with a minimum \$10,000 investment via RRSP or cash purchase.
- **Want an immediate 10% return on your investment?** We currently have Vista Del Lago Limited Partnership Units available for \$9,000 minimum investment (\$10,000 value). This offering is 60% sold.
- **Prefer regular pay outs? Consider our NEW RRSP-Eligible Bond Offerings** - \$10,000 minimum investment, 10% per annum paid quarterly. Will mature on March 31, 2011.

**ATTEND A SEMINAR IN YOUR AREA. SEE BELOW FOR DETAILS.  
OR CONTACT US TOLL FREE AT 1.888.233.8822 Ext. 223 FOR A ONE-ON-ONE CONSULTATION.**
